Mission Week Long Service

1. INTRO. Music Week.

Our Gospel hymns a real contribution to music.

Every song we sing this a.m: composed by an American. These melodies are American born. Not that they are superior, but since this is our week of celebration, we can be excused for selection accordingly. We could not make the few we have time to sing justly representative if we chose from the whole field of ~~religious~~ hymnology. Even these we have chosen hardly touch upon this one section.

Let us sing these hymns with an appreciation of the tunes or melodies. Let us emphasiz their melody.

1. 136 1 and 5.

2. 58

3. 379

4. Responsive selection 2.

5. 211. 1 and 3.

6. 302 1 and 2.

7. Prayer

8. Choir

9. Offering and announcements

10. 402 1 and 3.

11. 173 first 3.

12. Talk.

13.

222 1 and3.

37-
31-

Wellesley—"There's a wideness in God's mercy"

By Lizzie Tourjee Estabrook. This tune, composed at sixteen, while this daughter of the founder of the New England Conservatory of Music was a high school student in the schools at Newton, Mass., 1878.

THE MUSIC OF THE BIBLE.

INTRO. Read Hon.Wm. H. Woodin's article in the May issue of The Etude, "Music Now More Than Ever".

1. There are songs in the soul of every man. A deep-seated desire to express something which can only be expressed in music.
2. Music ~~rejuvinates~~ drives out fear.
3. Music rejuvinates the tired man.
4. Music compensates for life's grind- it balances the experiences of life.
5. Music has mystical power. Solves many problems.
6. Music inspires.

But I wish to say just a few words regarding the music of the Bible.

1. Music entered so largely into the private and public life of the Hevrews that its cessation typified utter misery or desolation.

2. The Bible gives us no definite information, or very little, concerning musical knowledge.

3. Music was used extensively in the temple worship and in the schools of the prophets.

3. Vocal music. The Psalms were without doubt sung with irregular chants in minor key. Much antiphonal singing.

4. Musical Instruments.

String.

Harp — Guitar, lyre or small harp

Psaltry-Viol - Harp

10-stringed lute — Instrument of 10 strings- Special sort of harp.

Wind Instruments.
